

## BOARD POLICIES MANUAL

### Part 1: Introduction and Administration

This Board Policies Manual (BPM) contains all of the current standing (ongoing) policies adopted by the board of GLOBAL TRUST PARTNERS (GTP) since the initial approval of the BPM on 29 January 2019.

- 1.1 Reasons for Adoption. The reasons for adopting this BPM include:
- Efficiency of having all ongoing board policies in one place
  - Ability to quickly orient new board members to current policies
  - Elimination of redundant or conflicting policies over time
  - Ease of reviewing current policy when considering new issues
  - Providing clear, proactive policies for the chief executive officer (CEO) and staff
  - Modeling an approach to governance for other organizations
- 1.2 Consistency. Each policy in this document is expected to be consistent with the law, the articles of incorporation, and the bylaws, all of which have precedence over these board policies. Though the law, our articles, and bylaws refer to board members as “directors,” because we see board members as “governors” or “overseers” and not “directors” with regard to function, the term “directors” will remain in our articles and bylaws while this BPM will favor the terms “governors” or “overseers” for board members. Except for time-limited or procedural-only board decisions (approving minutes, electing an officer, etc.), which are recorded in regular board minutes, all standing policies shall be included or referred to in this document. The CEO is responsible for developing organizational and administrative policies and procedures that are consistent with this BPM.
- 1.3 Transition. Whether adopted part by part or as a complete document, as soon as some version of the BPM is voted on as the “one voice” of the board, those policies are deemed to supersede any past policy that might be found in old minutes unless a prior board resolution or contract obligates the organization with regard to a specific matter. If any actual or apparent conflict arises between the BPM and other policies or board resolutions, the matter shall be resolved by the chair or by the entire board as may be appropriate.

1.4 Changes. These policies are meant to be reviewed constantly and are frequently reviewed and refined. The CEO helps the board formulate new language in the BPM by distributing proposed changes in advance. When language is recommended for deletion, it is shown in ~~strike-through~~ format. Proposed new language is underlined. Each section with a proposed change can be preceded by the # sign to help readers quickly locate proposed changes. Any change to this BPM must be approved by a majority vote of the full board. Proposed changes may be submitted by any board member as well as by the CEO. In most cases, proposed changes shall be referred to and reviewed by the appropriate committee before being presented to the board for action. Whenever changes are adopted, a new document should be printed, dated, and quickly made available to the board and staff. The previous version should be kept on a disk for future reference if needed.

1.5 Specificity. Each new policy will be drafted to fit in the appropriate place within the BPM. Conceptually, policies should be drafted from the "outside in," i.e., the broadest policy statement should be presented first, then the next broadest, etc., down to the level of detail that the board finds appropriate for board action and below which management is afforded discretion as to how it implements the policies in this BPM.

1.6 Oversight Responsibility. Below are the parts, the committees primarily responsible for drafting and reviewing those parts, and the individuals given authority to interpret and make decisions within the scope of those policies.

1.7 Maintenance of Policies. The secretary shall ensure that staff members record and publish all standing policies correctly. The CEO or the CEO's designee shall maintain the policies file and provide updated copies to the board whenever the policies change, or upon request. The board will ask that legal counsel review this BPM biennially to ensure compliance with the law. Discrete documents referred to in the BPM will be kept by the Global Administrator in a three-ring notebook called the Board Reference Book.

## Part 2: Organization Essentials

- 2.1 Our mission is “empowering national workers and building trust in churches and ministries to grow local generous giving to God’s work.” Our vision is “faithful stewardship and peer accountability increasing local support for God’s work in every nation.” Our purpose is “In obedient service to Jesus Christ, GTP multiplies faithful stewards and mobilizes peer accountability groups to build trust and grow local generous giving to God’s work.” Our priorities are prayer, fasting, and confession.
- 2.2 These ten core values capture the culture and ethos of this organization. GTP will value Christian commitment, listening, humble service, global diversity, partnership, biblical teaching, empowerment, transparency, accountability standards, and sustained interdependence. The annual dynamic plans will reflect these values.
- 2.3 The staff will be treated with respect demonstrated by five activities. They will be compensated fairly, affirmed verbally, confronted biblically, reviewed annually, and developed intentionally. The employee manual will reflect these commitments.
- 2.4 The stakeholders to whom the board feels accountable are best understood in two groups: investors (individual givers, volunteer servants, and foundations supporting our mission), and institutions (peer accountability groups around the world; e.g. ECFA).
- 2.5 The primary beneficiaries of our services are pastors, ministry administrators, accountants, attorneys, and other followers of Jesus Christ as well as Christ-centered churches and ministries in every nation.
- 2.6 The major general functions are spread across four major areas: (1) finance and accountability, (2) training and empowerment, (3) partnership and communications, and (4) technology and resources.
- 2.7 The primary programs are fourfold: (1) providing biblical teaching on faithful administration to raise awareness and build our global network, (2) equipping people to guard trust with a replicable training program, (3) mobilizing peer accountability groups with teamwork, (4) supporting a fellowship of peer accountability groups as global trust partners with a toolbox of resources.
- 2.8 The organizational goals will be targeted annually through faithful work and fervent prayer and tracked based on the following measures:

- 2.8.1 # teaching participants to raise awareness and build our global network
  - 2.8.2 # of countries served by teaching to build our global network
  - 2.8.3 # training participants
  - 2.8.4 # of countries represented in trainings
  - 2.8.5 # of peer accountability groups
  - 2.8.6 # of nations served by peer accountability groups
  - 2.8.7 # of peer accountability groups affiliated by MOU with Global Trust Partners
  - 2.8.8 \$ financial performance
  - 2.8.9 # of financial partners
  - 2.8.10 # of prayer partners
  - 2.8.11 # of individuals on our global network email list
  - 2.8.12 # capacity building grants for peer accountability groups distributed
  - 2.8.13 \$ capacity building grants for peer accountability groups distributed
- 2.9 Strategic Plans. The board is expected to think strategically at all times. The CEO is expected to develop annual dynamic strategic plans based on the policies in this BPM, update it as necessary, link major activities in the plan to the relevant sections of this BPM, and provide copies of the plans two weeks in advance of the last board meeting each fiscal year.

### Part 3: Board Structure and Processes

- 3.1 Governing Style. The board will approach its task with a style that emphasizes outward vision rather than an internal preoccupation, encouragement of diversity in viewpoints, strategic leadership more than administrative detail, clear distinction of board and staff roles, and proactivity rather than reactivity. In this spirit, the board will:
- 3.1.1 Abstain from the tendency to rule or control Christ-centered churches and organizations from a sitting posture by adopting a practice of standing and listening to the reading of Scripture as a reminder, at every meeting, to govern under God's rule.
  - 3.1.2 Abstain from idolatry to money by adopting ECFA standards of responsible stewardship to make sure that the organization depends on the Holy Spirit rather than money as the power of ministry.
  - 3.1.3 Abstain from pride by adopting rhythms of prayer and fasting before God, humble service toward others, and submission to peer accountability to verify compliance with standards of responsible stewardship.
  - 3.1.4 Enforce upon itself and its members whatever discipline is needed to govern with excellence. Discipline shall apply to matters such as attendance, respect for clarified roles, speaking to management and the public with one voice, and self-policing of any tendency to stray from the governance structure and processes adopted in these board policies.
  - 3.1.5 Be accountable to its stakeholders and the general public for competent, conscientious, and effective accomplishment of its obligations as a body. It will allow no officer, individual, or committee of the board to usurp this role or hinder this commitment.
  - 3.1.6 Monitor and regularly discuss the board's own processes and performance, seeking to ensure the continuity of its governance functions by selection of capable governors, orientation and training, and evaluation.
  - 3.1.7 Be an initiator of policy, not merely a reactor to staff initiatives. The board, not the staff, will be responsible for board performance.

- 3.2 **Board Job Description.** The job of the board is to serve as faithful overseers who hold the CEO accountable for the faithful administration of the organization while the board is in session and to serve as volunteer supporters who assist the CEO and the staff through their prayers, financial giving, and service while the board is not in session. The board's specific contributions are unique to its trusteeship role and necessary for proper governance and management. To perform its job, the board shall:
- 3.2.1 Determine the mission, values, programs, functions and goals, and hold the CEO accountable for developing annual dynamic strategic plans based on these policies.
  - 3.2.2 Determine the parameters within which the CEO is expected to engage faithful activities and fervent prayer to target goals.
  - 3.2.3 Monitor the performance of the organization relative to the achievement of the goals within the executive parameters by reading and understanding dashboards and reports.
  - 3.2.4 Maintain and constantly improve all ongoing policies of the board in this BPM.
  - 3.2.5 Select, fairly compensate, nurture, evaluate annually, and, if necessary, terminate a CEO, who functions as the board's sole agent.
  - 3.2.6 Ensure financial solvency and integrity through policies and behavior.
  - 3.2.7 Require periodic financial or other external audits to ensure compliance with the law and with ECFA-expected practices.
  - 3.2.8 Evaluate and constantly improve our board's performance as the governing board, and set expectations for board members' involvement as volunteers.
- 3.3 **Board Member Criteria.** In nominating members for the board, the board Governance & Compliance Committee shall reflect due diligence in these areas:
- 3.3.1 **Selection Process:** The board will abstain from allowing wealth, status, and/or lineage to serve as guiding factors for selecting overseers by adopting a selection process that places a priority on Christian maturity and administrative gifting over other candidate criteria.
  - 3.3.2 **Service Expectations:** As board members set an example for GTP constituents, candidates will be asked to commit annually to pray faithfully, give financially, and serve voluntarily.
  - 3.3.3 **Notification and Response:** Board members will commit to responding to communications related to GTP in a timely manner, within 72 hours of receipt of communication (exceptions: vacation, illness, family emergencies).
- 3.4 **Orientation.** Prior to election, each nominee shall be given this BPM along with adequate briefings on the role of the board, officers, and staff and an overview of programs, plans, and finances. Soon after election, each new board member will be given more comprehensive orientation material and training.
- 3.5 **Chair's and Vice Chair Roles.** The job of the chair is, primarily, to maintain the integrity of the board's processes. The chair "manages the board." The chair is the only board member authorized to speak for the board, other than in rare and specifically board-authorized instances.

The chair ensures that the board behaves in a manner consistent with its own rules and those legitimately imposed upon it from outside the organization. Meeting discussion content will be those issues that, according to board policy, clearly belong to the board to decide, not to staff.

The authority of the chair consists only in making decisions on behalf of the board that fall within and are consistent with any reasonable interpretation of board policies in Parts 3 and 4 of this BPM. The chair has no authority to make decisions beyond policies created by the board. Therefore, the chair has no authority to supervise or direct the CEO's work, but is expected to maintain close communication with, offer advice to, and provide encouragement to the CEO and staff on behalf of the board.

The job of the vice chair is to know and perform all of the aforementioned duties of the chair in the chair's absence and support the chair in maintaining the integrity of the board's processes.

The initial chair and vice chair will serve at the appointment of the founding board. Every three years at the annual meeting, in line with their board service terms, the chair and vice chair must be reappointed by majority vote. The chair and vice chair may serve in their roles as long as they serve as board members.

3.6 Board Meetings. Board events often will include time for guest presenters, interaction with staff and beneficiaries, board training, and social activities, as well as business sessions. Policies that are intended to improve the process for planning and running meetings follow:

3.6.1. The schedule for board meetings shall be set on a rolling schedule one year in advance starting with the first annual meeting.

3.6.2. The CEO shall work with the chair and the committee chairs in developing agendas, which, along with background materials for the board and committees, monitoring reports, the CEO's recommendations for changes in the BPM, previous minutes, and other such materials, shall be emailed to all board members approximately two weeks in advance of board meetings.

3.6.3 Minutes and the updated BPM shall be emailed to board members within 14 days of board meetings.

3.6.4 Regular board meetings starting in 2020 shall be held quarterly, preceded by an email reminder 30 days in advance of the meeting date.

The first quarterly meeting will be held in July, August, or September (via electronic means) and shall include a review of the annual strategic dynamic plans for the upcoming year, details regarding the annual global gathering, and other business.

The second quarterly meeting will be held in October, November, or December (in person) and shall include the global ministry reports, CEO's performance review and development plan, the board's self-evaluation, and new board member orientation, among other business.

The third quarterly meeting will be held in January, February, or March (via electronic means) and shall feature the vision from the CEO for the calendar year and board training, among other business.

The fourth quarterly meeting will be held in April, May, or June (via electronic means) and will include the approval of the budget for the next fiscal year, among other business.

Special meetings of the board may be called in accordance with the bylaws.

3.6.5 The Governance & Compliance Committee shall prepare a meeting evaluation form for completion by each board member who attends the board meeting. The completed forms shall be reviewed, analyzed, and summarized by the Governance & Compliance Committee, which shall report the results of the meeting evaluation to the board members within two weeks of the board meeting.

3.7 Standing Committees. Committees help the board be effective and efficient. They speak "to the board" and not "for the board." Unless authorized by a majority vote of the whole board, a committee may not exercise authority that is reserved to the whole board by the bylaws or by the laws of Colorado governing not-for-profit organizations. Committees are not created to advise or exercise authority over staff. Once committees are created by the board, the board chair shall recommend committee chairs and members for three-year terms, subject to board approval. The board chair and the CEO are *ex officio* members of all committees except the Finance & Audit Committee. The CEO may assign one senior staff member to assist with the work of each committee.

3.7.1 Governance & Compliance Committee. This committee shall recommend policies to the board pertaining to governance issues and processes, including the orientation and training of new board members, the evaluation and improvement of the contribution of individual board members and officers, and the recommendation of bylaw changes. The committee will also develop a roster of potential board members based on the board profile, and will nominate all board members and officers for election by the board.

In addition, the committee shall be responsible for oversight of regulatory compliance, policies and practices regarding corporate responsibility, and ethics and business conduct-related activities, including compliance with all federal, state, and local laws governing tax-exempt entities. The committee shall also oversee Written Conflict of Interest Policy and Annual Disclosure.

3.7.2 Finance & Audit Committee. This committee shall develop and recommend to the board those financial principles, plans, and courses of action that provide for mission accomplishment and organizational financial well-being. Consistent with this responsibility, it shall review the annual budget and submit it to the board for its approval. In addition, the committee shall make recommendations with regard to the level and terms of indebtedness, cash management, investment policy, risk management, financial monitoring and reports, employee benefit plans, signatory authority for expenditures, and other policies for inclusion in the BPM that the committee determines are advisable for effective financial management.

Additionally, this committee shall oversee the organization's internal accounting controls; recommend external auditors for board approval; review the external auditors' annual audit plan; and review the annual report, the management letter, and the results of the external audit, as applicable. The committee, or its delegate, shall have an annual private conversation with the auditor.

3.7.3 Partnership & Communications Committee. This committee shall study and recommend policies relating to partnership and communications and public relations. This includes policies relating to all facets of resource mobilization for the organization.

3.7.4 Programs & Standards Committee. This committee shall study and recommend policies relating to all programs and services of the organization. This includes teaching and training efforts linked to multiplying disciples of faithful administration and relates to our teamwork and toolbox that serves a fellowship of peer accountability groups.

- 3.7.5 Executive Committee. This committee shall comprise the chair, other officers, and the chairs of the other committees in Section 3.7. If necessary it will meet in person or via electronic means as needed throughout the year. Except for the actions enumerated below, it shall have the authority to act for the board on all matters so long as the Executive Committee determines that it would be imprudent to wait for the next board meeting to take such action. With respect to any action taken on behalf of the board, (1) the Executive Committee is required to report the action to the board within 10 days, and (2) the board must approve the action at the next board meeting.

The Executive Committee is not authorized to make decisions or to take action with respect to the following matters:

- 3.7.5.1 Dissolving the corporation
- 3.7.5.2 Hiring or firing the chief executive
- 3.7.5.3 Entering into major contracts or suing another entity
- 3.7.5.4 Making significant changes to a board-approved budget
- 3.7.5.5 Adopting or eliminating major programs
- 3.7.5.6 Buying or selling property
- 3.7.5.7 Amending the bylaws
- 3.7.5.8 Changing any policies that pertain to the full board

- 3.7.6 Other committees as determined

- 3.8 Advisory Groups, Councils, and Task Forces. To increase its knowledge base and depth of available expertise, the board supports the use of groups, councils, and task forces of qualified advisers. The term "task force" refers to any group appointed by the CEO or the chair to assist him or her in carrying out various time-limited goals and responsibilities. Although either the chair or the CEO may form a task force, he or she shall notify the board of its formation, purpose, and membership within 10 days of its formation. The CEO may assign a senior staff member to serve advisory groups. The board has established the following advisory groups:

- 3.8.1 (Name, membership, function, etc., of any advisory group the board creates.)

- 3.9 Board Members' Code of Conduct. The board expects of itself and its members ethical and businesslike conduct. Board members must offer unconflicted loyalty to the interests of the entire organization, superseding any conflicting loyalty such as that to family members, advocacy or interest groups, and other boards or staffs of which they are members. Board members must avoid any conflict of interest with respect to their fiduciary responsibility. There must be no self-dealing or conduct of private business or personal services between any board member and the organization except as procedurally controlled to assure openness, competitive opportunity, and equal access to "inside" information.

Board members will make no judgments of the CEO or staff performance except as the performance of the CEO is assessed against explicit board policies and agreed-upon performance objectives. The board will not undermine the CEO by interfering with the staff.

Each board member is expected to complete and sign an Annual Affirmation and Conflict of Interest Statement (to be archived in the Board Reference Book), which covers, *inter alia*, board conflicts of interest, in accordance with the laws of the state governing not-for-profit organizations, and other expectations of board members.

- 3.10 Board Finances. Every board member is expected to be a giver of record in each calendar year. Expenses incurred to fulfill board activities normally can be an individual tax deduction; however, any board member may submit for reimbursement any expenses incurred to attend board or committee meetings.

## Part 4: Board–CEO/Staff Relationship

- 4.1 Delegation to the Chief Executive Officer (CEO). While the board’s job is generally confined to establishing high-level policies, implementation and subsidiary policy development are delegated to the CEO.
- 4.1.1 All board authority delegated to staff is delegated through the CEO, so that all authority and accountability of staff—as far as the board is concerned—is considered to be the authority and accountability of the CEO.
- 4.1.2 Organization Essentials policies (Part 2) direct the CEO to target certain results. Executive Parameters policies (Part 5) define the acceptable boundaries of prudence and ethics within which the CEO is expected to operate. The CEO is authorized to establish all further policies, make all decisions, take all actions, and develop all activities as long as they are consistent with any reasonable interpretation of the board’s policies in this BPM.
- 4.1.3 The board may change its policies during any meeting, thereby shifting the boundary between board and CEO domains. Consequently, the board may change the latitude of choice given to the CEO, but so long as any particular delegation is in place, the board and its members will respect and support the CEO’s choices. This does not prevent the board from obtaining information in the delegated areas.
- 4.1.4 Except when a person or committee has been authorized by the board to incur some amount of staff cost for study of an issue, no board member, officer, or committee has authority over the CEO. Only officers or committee chairs may request information, but if such a request—in the CEO’s judgment—requires a material amount of staff time or funds or is disruptive, it may be refused.
- 4.2 CEO Job Description. As the board’s single official link to the operating organization, CEO performance will be considered to be synonymous with organizational performance as a whole. Consequently, the CEO’s job contributions can be stated as performance in two areas: (a) organizational accomplishment of the major organizational goals in Section 2.8, and (b) organization operations within the boundaries of prudence and ethics established in board policies on Executive Parameters.
- 4.3 Communication and Counsel to the Board. With respect to providing information and counsel to the board, the CEO shall keep the board informed about matters essential to carrying out its policy duties. Accordingly, the CEO shall:
- 4.3.1 Inform the board of relevant trends, anticipated adverse media coverage, and material external and internal changes, particularly changes in the assumptions upon which any board policy has previously been established, always presenting information in as clear and concise a format as possible.
- 4.3.2 Relate to the board as a whole except when fulfilling reasonable individual requests for information or responding to officers or committees duly charged by the board.
- 4.3.3 Report immediately any actual or anticipated material noncompliance with a policy of the board, along with suggested changes.
- 4.4 Monitoring Executive Performance. The purpose of monitoring is to determine the degree to which the mission is being accomplished and board policies are being fulfilled. Monitoring will be as automatic as

possible, using a minimum of board time, so that meetings can be used to affect the future rather than to review the past. A given policy may be monitored in one or more of three ways:

- 4.4.1 Direct board inspection: Discovery of compliance information by a board member, a committee, or the board as a whole. This includes board inspection of documents, activities, or circumstances that allows a "prudent person" test of policy compliance.
- 4.4.2 External report: Discovery of compliance information by a disinterested, external person or firm who is selected by and reports directly to the board. Such reports must assess executive performance only against legal requirements or policies of the board, with suggestions from the external party as to how the organization can improve itself.
- 4.4.3 CEO reports: The CEO shall help the board determine what tracking data are available to measure progress in achieving the mission and goals and conforming with board policies. Currently the board requests these regular monitoring reports, in addition to any specific reports requested in other sections of the BPM:
  - 4.4.3.1 Monthly: Informal CEO reports on achievements, problems, items for prayer and/or thanksgiving to God, and board notices.
  - 4.4.3.2 Quarterly: (a) A one-page "dashboard" report showing agreed-upon key indicators that track designated financial and program results over a three-year period in graphic form; (b) other summary reports as the board may define in this BPM. (c) expense and revenue against budget report with comparison to previous year; (d) balance sheet; (e) cash flow projections; (f) other summary reports as the board may define in this BPM.
  - 4.4.3.3 Annually: Within 45 days of the end of the fiscal year, (a) end-of-year expense and revenue against budget; (b) balance sheet; (c) staff organization chart (or whenever major changes are made); (d) other reports that the board may define in this BPM.
- 4.5 Annual Performance / Development Review. A performance evaluation / development review task force, comprising the board chair, the vice chair, and the chair of the Governance & Compliance Committee, shall formally evaluate the CEO annually, based on faithful execution of annual dynamic plans in pursuit of organizational goals and any other specific goals that the board and the CEO have agreed upon in advance, as well as the CEO's own written self-evaluation and invited comments from all board members after they have seen the self-evaluation. The chair shall serve as chair of the task force. After meeting with the CEO, the task force will report on its review to the board, including recommendations on the CEO's compensation, which the Executive Committee or the board will then act upon.
 

During this process, the CEO and the board will agree on any specific, personal performance / development goals for the year ahead. These goals shall be documented in a letter to the CEO from the board chair and will be a primary basis for determining the CEO's performance at the end of the next year. At least every three years, the task force shall invite other input in a carefully planned "360" review, inviting feedback from staff, peers in our sector, and individuals outside the organization who have interacted with the CEO.
- 4.6 Staff Compensation. The CEO is expected to hire, train, motivate, compensate, and terminate staff in a professional and caring fashion. Salaries and benefits will be set at competitive levels based on the cost of living for organizations of similar size, budget, in the country of employment.

The CEO shall (a) develop and maintain an employee manual that is reviewed annually by competent legal counsel and (b) provide copies of this manual to the board for information two weeks in advance of the last regular meeting of the fiscal year.

- 4.7 Staff Treatment. With respect to treatment of paid and volunteer staff, the CEO may not cause or allow conditions that are inhumane, unfair, or undignified. Accordingly, he may not:
- 4.7.1 Discriminate among employees on other than clearly job-related, individual performance or qualifications.
  - 4.7.2 Fail to take reasonable steps to protect staff from unsafe or unhealthy conditions.
  - 4.7.3 Withhold from staff a due-process, unbiased grievance procedure.
  - 4.7.4 Discriminate against any staff member for expressing an ethical dissent.
  - 4.7.5 Prevent staff from grieving to the board when (a) internal grievance procedures have been exhausted and (b) the employee alleges that board policy has been violated to his or her detriment.
  - 4.7.6 Fail to acquaint staff members with their rights under this policy.
- 4.8 CEO Transitions. At any time, the chair may appoint a transition task force to explore options and propose strategies and board policies related to succession and transition of the CEO and to facilitate any special needs of the outgoing and incoming CEOs and their families. The incumbent CEO shall give the board, if possible, a(n) 12-months-notice of intent to leave that office. Any need for an acting or interim CEO will be determined by the board chair subject to board approval. In the event of the death of the CEO, the VP of Training & Empowerment will serve as acting or interim CEO until otherwise determined by the board, and if the VP of Training & Empowerment also dies in the same timeframe, the VP of Partnership & Communications will serve as acting or interim CEO until otherwise determined by the board. The board chair is authorized, as soon as a vacancy or scheduled departure of the CEO is known, to appoint a search committee and committee chair. The search committee may include up to two people not on the board. The committee shall within 30 days recommend for board approval a position announcement, a recommendation on any search consultant, the appointment of a search secretary, and a budget for the search. The search committee shall present one or two qualified candidates to the full board for selection. A special task force appointed by the chair shall, at the time of selection, negotiate the new CEO's compensation and service agreement and give both the incumbent and the successor CEO any special performance priorities from the board. After he/she leaves the organization, the outgoing CEO may be given a paid role, but only with the approval of the new CEO in consultation with the officers and the board.
- 4.9 Board Reference Book and Web Site. In addition to reports that the CEO may choose to make to the board, the CEO and Global Administrator shall develop and maintain a Board Reference Book with all pertinent documents to which board members might want to refer during board and committee meetings (e.g., articles, bylaws, organization chart, recent minutes, committee roster, list of key volunteers/consultants, board documents referred to in this BPM, etc.). In addition, the board requests that the Global Administrator maintain, as funding is available, a secure Internet web site for board members to allow them to access relevant data and reports on a timely basis. The CEO shall notify board members as new key information is posted to the board web site.

## Part 5: Executive Parameters

- 5.1 Governance & Compliance. The purpose of the remainder of the BPM is to detail those executive parameters that will guide the CEO and the staff as they accomplish the mission. These parameters are intended to free the CEO and the staff to make timely decisions without undue board directives. The board expects that the CEO will do nothing that is illegal, unethical, or imprudent. Beyond these general parameters related to internal compliance and legal review, the board details its executive parameters in the major sections that follow in Part 5.
- 5.1.1 Internal Compliance. The CEO shall meet all requirements for complying with federal, state, or local laws and regulations. The CEO shall maintain a list of compliance actions and reports that are required of a nonprofit organization and periodically submit the list for inspection by the Governance & Compliance Committee.
- 5.1.2 Legal Review. On a biennial basis, the board, on the recommendation of the Governance & Compliance Committee will determine if and when the CEO shall contract for a legal review of the organization's compliance with the pertinent laws and regulations and make the results of the review available to the Governance & Compliance Committee, which, in turn, will report to the board on the overall status of the organization with respect to compliance matters, including any current problems or anticipated problems with regulatory authorities.
- 5.2 Finance & Audit Parameters. The CEO must ensure that the financial integrity of the organization is maintained at all times; that proper care is exercised in the receiving, processing, and disbursing of funds; and that financial and nonfinancial assets are appropriately protected.
- 5.2.1 Budgeting. The budget during any fiscal period shall not (a) deviate materially from the board's goals and priorities listed in Part 2, (b) risk fiscal jeopardy, or (c) fail to show a generally acceptable level of foresight. Accordingly, the CEO may not cause or allow budgeting that:
- 5.2.1.1 Contains too little detail to (a) enable accurate projection of revenues and expenses, (b) separate capital items from operational items, (c) monitor cash flow and subsequent audit trails, and (d) disclose planning assumptions.
- 5.2.1.2 Anticipates the expenditure in any fiscal year of more funds than are conservatively projected to be received in that period.
- 5.2.1.3 Reduces the current assets at any time to less than twice current liabilities or allows cash to drop below a safety reserve equal to three months of salaries and wages.
- 5.2.1.4 Provides less than \$25,000 for budgeted board prerogatives during the year, such as costs of the annual audit and board development.
- 5.2.1.5 Is not derived from the strategic plan.
- 5.2.2 Financial Controls. The CEO must exercise care in accounting for and protecting the financial assets of the organization. To this end, the CEO is expected to incorporate generally accepted accounting principles and internal controls in the financial systems that are employed in the organization. In addition, the CEO may not:
- 5.2.2.1 Receive, process, or disburse funds under controls insufficient to meet the board-appointed auditor's standards.

- 5.2.2.2 Approve an unbudgeted expenditure or commitment of greater than 10% of the annual budget without the approval of a majority vote of the full board.
