

How to Start a PAG

We urge national workers to join the peer accountability group (PAG) that has been formed to serve churches and ministries in their country. If a PAG does not exist where they are, GTP will help them set one up using these steps.

Step 1

Pray for workers.

Step 2

Have a conversation with trusted pastors, ministry administrators, accountants, lawyers, and other professionals.

Step 3

Read the Lausanne standards and standards from other peer accountability groups.

Step 4

Talk about needs of the context.

Step 5

Build a coalition of founding members.

Step 6

Draft standards and a compliance checklist.

Step 7

Appoint credentialed volunteers to serve on accreditation teams.

Step 8

Accredit organizations and affix a seal

Step 9

Urge others to join.

Step 10

Apply for USD10,000 matching grant from GTP to build capacity.
